Concerts

All of our concerts are optional and we put great care into making them focused on fun and to take away pressure from students and families. We believe that everyone should have the option to perform onstage, so we make it as financially achievable as possible. Please see below for a full concert fee breakdown.

Costumes

Our first shows of the year are not costumed, all performers will wear either studio uniform or a show tshirt. Our second show will be a costumed show, we like to keep our costs down by hiring as well as buying. These details will be available closer to performance time. Costume costs are added to your term invoice.
